## **Welcome to El Paso, Texas**

- **El Paso, Texas “Home of the ADA”**
- **El Paso borders Ciudad Juarez, Mexico-No travel to Mexico is authorized without approval.**
- **Just over 700,000 people live in El Paso, which makes it the fourth most populous city in Texas. Combined with Ciudad Juarez, though, the metropolitan area forms the largest population center on any international border in the world.**
- **About 2.2 million live in the area, with 700,000 residents in El Paso County.**

## **Family Assistance The Glue**

- **The Family Assistance Center (FAC) is here to serve all.**
- **We can point them in the right direction in their local area depending on what their need is.**
- **I also have mobile training teams that can go just about anywhere in our 22 Texas counties and all of New Mexico. They can help set up a Family Readiness Group, provide training on a variety of topics ... do weekend workshops, Army Family Team Building, Financial Education, etc.**
- **Let me know how I can best help and the best way to get involved.**

## Soldier Business is Our Business

Housing: ~~is the best~~ it will be. Appoint a mayor who will work upgrades and work orders. Keep them clean for the next bunch.

Soldier appearance: Grubby coming out of field is expected. Going to PX requires best look (polish those boots, put on clean pressed uniform, hair cuts). Deployment uniform should be your best with all patches and rank.

Soldier care: Know what your soldiers are doing at all the time during the pre-validation phase...100% of required tasks must be completed. Ensure they are informed of the Ft. Bliss policies for pre and post validation periods.

Families: Call home. Tell them you are ok. Remember OPSEC. Visitations prior to deployment is a priority with us. Will make it happen.

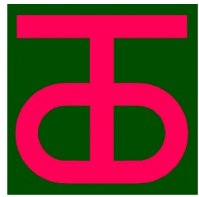

Steely eyed soldiers: Looking sharp means steely eyed soldiers who can reign terror of its enemy.

**Standards are HIGH while you are here!**
